

Our Club Has a Story to Tell

Thank you so much for taking the time to BRAG on your club, your activities, and your patients. We want to hear all about it and feature your events and activities on our website, www.midsouthlions.org. A picture is worth 1,000 words, so if you could include pictures of your club, pictures of the event/activities, and/or before and after pictures of your patient that would be terrific! **Please email all images and graphics to: biancag@midsouthlions.org.**
